DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2018-0974]

Drawbridge Operation Regulation; Middle River, between Bacon Island and Lower Jones Tract, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

---

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the San Joaquin County (Bacon Island Road) highway bridge across Middle River, mile 8.6, between Bacon Island and Lower Jones Tract, CA. The deviation is necessary due to a scheduled public utility power outage, resulting in no power to the bridge. This deviation allows the bridge to remain in the closed-to-navigation position.

**DATES:** This deviation is effective from 8 a.m. through 6 p.m. on November 3, 2018.

**ADDRESSES:** The docket for this deviation, USCG-2018-0974, is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or e-mail Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510-437-3516, e-mail [Carl.T.Hausner@uscg.mil](mailto:Carl.T.Hausner@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The San Joaquin County Department of Public

Works has requested a temporary change to the operation of the San Joaquin County (Bacon Island Road) highway bridge, across Middle River, mile 8.6, between Bacon Island and Lower Jones Tract, CA. The drawbridge navigation span provides a vertical clearance of 8 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.171(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 8 a.m. to 6 p.m. on November 3, 2018, to allow Pacific Gas & Electric secure power to the bridge to perform necessary work on a transformer. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will not be able to open for emergencies. Old River can be used as an alternate route for vessels unable to pass through the bridge in the closed position. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 22, 2018.

Carl T. Hausner  
District Bridge Chief,  
Eleventh Coast Guard District.
